DETROIT COLLEGE.

THIS Institution, conducted by Fathers of the Society of Jesus, has been founded for the purpose of imparting to the youth of Detroit instruction in the several branches of a Christian and liberal education. The culture of both heart and mind being the main object of education, the Faculty of Detroit College, in training students entrusted to their charge, combine religion and morality with literature and science.

No one, who may apply for admission to the College, will be refused on account of the religious opinions he may entertain, and no undue influence will be used to make a student change his religious belief.

Catholic students will be required to go once a month to Confession and Holy Communion.

Parents are notified that, in conformity with the practice of our other Colleges, those pupils who have not made their First Communion, but have attained the proper age, will have to at-

P 6823

tend all preparatory instructions and receive Holy Communion under the direction of the College Faculty.

The course of studies, when complete, will embrace the doctrines and evidences of the Catholic Religion, Logic, Metaphysics, Ethics, Astronomy, Natural Philosophy, Chemistry, Mathematics, Rhetoric, Composition, Elocution, History, Geography, Book-keeping, Arithmetic, the Latin, Greek, English, French and German Languages.

The scholastic year consists of but one session, beginning on the first Monday of September and closing on the last Wednesday of June.

Test exercises are given every month in the several branches of study taught in each class, the standard being twenty merit-notes. The result of these competitions is registered in a book kept for that purpose, so that by applying to the President or Vice-President, parents may, at any time, know the standing of their sons in class. At the close of the session the merit-notes received for all the monthly exercises on each subject-matter are added together, and a prize awarded to the student who shall have obtained the highest number. Once every month, in the presence of the Faculty and the students, badges of distinction for proficiency, and testimonials of good conduct and diligence, are bestowed upon the most deserving.

Monthly bulletins, stating conduct, application, progress and attendance are given to the students; and parents are requested to demand them from their sons at the beginning of each month.

Punctual attendance is earnestly recommended. Parents are regularly informed of the non-attendance of their sons, who,

in case of absence, are invariably required to bring a note of excuse to the Prefect of Studies. In order that the lessons may be prepared with proper assiduity, parents are requested to insist on their sons studying at home for two or three hours every evening. When students are to be withdrawn from the Institution, due notice should be given the President.

The College is opened every morning at 7½ o'clock. Those who come before the time of class proceed at once to their respective recitation rooms and devote the interval to private study. All the Catholic students are required to be present at 8½ o'clock to hear Mass, which begins at that hour. At 9 o'clock A. M. the regular exercises of class commence, and close at 4 o'clock P. M.

When a pupil presents himself for admission, he is examined by the Prefect of Studies, and placed in the class for which his previous attainments have fitted him. If he comes from another College, he is required to bring satisfactory testimonials from the officers of that Institution. During the session a student may be promoted at any time that he is found qualified to enter a higher class. None are received as boarders in the College.

For the maintaining of order and discipline, without which good results are not attainable, strict obedience, assiduous application and blameless conduct are required of every student. Any serious fault regarding these essential points renders the offender liable to effective correction, and even to dismissal, if this be deemed necessary by the Faculty.

The course of instruction is divided into two departments—the Collegiate and the Academic.

The Collegiate Department comprises four classes: Philosophy, Rhetoric, Poetry and Humanities, which answer, respectively, to the Senior, Junior, Sophomore and Freshman classes of other Colleges.

The Academic Department, which is preparatory to the Collegiate, comprises three classes. Only the Academic classes will be opened during the next session. The Collegiate Course will be begun in the Fall of 1879.
